Saxon Apartments
Walmer

From: R995,000 to R1,395,000

Preliminary Details

Saxon Exclusive Apartments are situated in an excellent position in the well established and sought after neighbourhood of Walmer. This upmarket, highly secure apartment block features clean, modern finishes and boasts magnificent views down Settler's Valley towards the sea.

One has the option of purchasing from a choice of four furnished or unfurnished units. Three of the units are penthouses and all have under floor heating in the living room and master en suite. An air conditioning unit keeps the living room comfortable all year round. The garages are on remote control, with undercover access to the lift that services all the floors. There is also plenty of additional secure parking besides the garage allocated to each unit.

All of the units have an open plan living room and kitchen that opens onto a balcony. The penthouses have two bedrooms and a third room above that could be used as an additional bedroom or a spacious entertainment area, which opens onto a large balcony that enjoys magnificent views. The two-bed unit has a 12m² storage area above the living rooms that is fitted with electricity and plumbing for washers and driers.
